## SUMMER 2004 TAX PRACTITIONER SEMINARS

Did you have a successful filing season? April 15<sup>th</sup> is behind us but it's not too early to prepare for next year. This year more than 618,000 Arkansas federal tax returns were filed electronically. This is a significant increase over last year. Are you a part of this sweeping trend? If not, this tax seminar will answer questions like, "what's in it for me?" and "how do I get started?" Are you an established Electronic Return Originator filing the occasional electronic return or a seasoned pro at responding to rejection codes? Regardless of your level of e-file expertise, the 2004 Tax Practitioner Seminar will provide valuable information on moving your business forward with the latest program enhancements.

The IRS Taxpayer Education and Communication office in Little Rock is sponsoring five, one-day Tax Practitioner Seminars. These seminars are designed to educate tax practitioners on many important topics such as:

- Practitioner Panel Discussion – Hear from your peers, transitioning your office to e-file
- ERO application process, Individual e-file and resolving error codes
- The Latest Information from the Arkansas Department of Revenue
- News from the Social Security Administration
- Ethics
- IRS Business e-File, e-Pay, and e-Services

Each seminar will begin at 9:00 a.m. and end at 4:00 p.m. Enrolled Agents and Certified Public Accountants (subject to approval by your state board) can earn up to **6** Continuing Professional Education (CPE) Credits by attending.

The IRS will offer information on the completion of Form 8633, "Application to Participate in the IRS e-file Program", and fingerprinting will be available at each seminar.

Attendance at each of the no-cost seminars is available on a **first-come basis**. To register, contact the Arkansas Small Business Development Center.

### 3 Easy ways to register:

**Call 800-862-2040**

**Fax 501-324-9049**
